COMPLETE PET FOOD FOR MOTHER AND BABY DOGS

Monge Natural Superpremium Medium Starter for mother and baby dogs Rich in Chicken is a complete pet food for medium-size puppy dogs and adult pregnant and lactating bitches (10-32 kg). Specially developed for your dog's wellness, through the presence of top-quality nutrients as a result of Made in Italy research. The first ingredient is chicken and the formulation is characterised by its digestibility and palatability due to the inclusion of fresh meat. The recipe is enhanced with next generation XOS (Xylo-oligosaccharides), which are prebiotics to support intestinal wellness. The formulation contains glucosamine and chondroitin sulphate to support articulation development and a balanced calcium/phosphorous ratio for the regular growth of the puppy's bones and joints.
