MEAT**

**KITTEN
GOOSE**

Monge BWild Low Grain Kitten Goose is a complete and balanced pet food for kitten during growth starting from 1 month until adulthood. The high protein content of goose meat guarantees a balanced diet, following the natural instinct of your animals. It has a low grain* intake and does not contain potatoes. The linseed, source of fatty acids omega-3, supports a soft and shiny coat. The delicious taste is also enhanced by carrots. The recipe is enriched with XOS (Xylo-oligosaccharides), last generation of prebiotics, which keep the intestinal wellness. The specific recipe ensures the animal's well-being and respects its natural instinct. Without artificial colours and preservatives.

* Compared to standard product (Lechat Excellence Kitten Chicken)
